

City of Menasha Parks & Recreation 2016 Summer Activity Guide

Dear City of Menasha Residents:

We are sure you will find something of interest in our Summer Activity Guide. **Our goal is to offer quality youth and adult recreation opportunities and provide desirable parks, open space and trails which contribute to a healthy community.** This guide and other parks and recreation information can be viewed online at www.cityofmenasha-wi.gov. Online registration is available for many programs.

We take a “let kids be kids” approach to programming by providing strong young adult role models with an emphasis on fun. We’ve kept many of your favorite and popular programs from last year. You may notice some new programs as well. Examples of this include: Paddleboard Yoga at the Pool (page 7), Free Community Yoga in the Park (page 12) Intro to Soccer (pg 4), and Hunter Safety Course (pg 10).

Mark your calendar for Saturday, June 4. From 7:30am to 3:00pm a “Community Build” playground project will take place at the City’s new eastside park. Volunteers are needed (we’ll train you) and lunch will be provided. Watch for details on our website or Facebook page.

Enjoy your summer and all of the great things your community has to offer,
Brian Tungate, Director of Parks and Recreation

1. For online registration, on the payment screen click on the Family Assistance Fund donation and add any dollar amount you wish.
2. On the registration form, on the line provided, you may add whatever dollar amount you wish to add to your payment.

SWIM LESSON REGISTRATION

Swim Lesson Program

Our department follows most of the Red Cross Learn-to-Swim program. We try to offer classes that best meet the needs of the community. **Please read the class descriptions carefully!** In some cases, we have gone beyond Red Cross guidelines to further enhance your child's learning experience. Those modifications include:

1. Maximum size of most classes is 8 students.
2. Lesson times for classes are 40 minutes.
3. Level IV is divided into A & B classes because of the quantity and complexity of the skills that must be learned.
